Alberta Wins Sweepstakes Cup

Colorado Springs, Colo., Oct. 18. Alberta wins the Sweepstakes Cup for the best exhibit at the Sixth International Dry Farming Congress by the narrow margin of nineteen points over Oklahoma, scoring 725 to the latter's 706 points. The premium is a very fine silver cup donated by Hon. J. R. McKinnic, of Colorado Springs, and presented on behalf of the board of directors by Prof. W. H. Olin, of Idaho.

Hon. Duncan Marshall received the cup for Alberta and in a neat address thanked the congress and the American people for the very friendly relations between the two countries. His reply was received with bursts of applause from the delegates from all over the States.

Alberta Wins Many Prizes

With Lethbridge leading for the dry farming congress for 1912 and Alberta ranking off with over sixty first premiums in the competition, Western Canada is getting a good name, winning thousands for the country. It is generally considered that the United States will land the Congress.

John H. Hargreaves, grand champion, has won 22 firsts and 11 second prizes, including the best of the most improved display.

Scotland, 30, also has carried off practically all the prizes for third and fourth best spring wheat.

Lethbridge expects to reap the benefit by carrying off the trophy as the successful secretary of the congress.

Hon. Duncan Marshall has been elected one of the Canadian presidents and Geo. Hancock is corresponding secretary for Alberta.

Eminent Doctor Speaks

The Canadian Association for the Prevention of Tuberculosis has been doing a great educational work through the Dominion during the past few years by the free distribution of literature and the delivery of lectures to the public regarding the method of prevention of Consumption. The Secretary, Dr. George D. Porter, whose term is under the auspices of the Provincial Medical Association, is to receive a public meeting upon this subject in the School Auditorium this evening at 8 o'clock.

Dr. Porter has addressed large meetings from one end of Canada to the other, and everywhere the press speaks very highly of his lectures. He lectured in Calgary Tuesday and Wednesday and lectures in Milled Falls tonight. The experience of his own life have peculiarly fitted him for this work, while his platform ability is of a high order.

He is a talented speaker and presents this important subject in a popular and most attractive manner. As this subject is one touching the health of all, and as the lecture is free to the public we trust that there will be a full house tonight.

Some Press Notices

"He is an ideal platform speaker."—*Charlottetown Patriot.*

"The speaker sounded a clear, fine note of hope."—*Halifax Daily Echo.*

"Delighting audience heart great lecture."—*St. John Standard.*

"He has an earnest, enthusiastic and sprightly delivery."—*Winnipeg Telegram.*

"A highly interesting lecture."—*Vancouver World.*

"From every quarter comes high praise of Dr. Porter's work."—*House of Commons Debates, Dec. 1906.*

M. W. Bro. T. McNabb of Lethbridge, Grand Master of the Grand Lodge of Alberta, A.F. & A.M., paid in official visit to Calgary Lodge No. 32, Tuesday night.

The Religious Convention of the Century

The forthcoming Alberta Men's Missionary Convention, which is being planned for the City of Calgary, for October 23-25, promises to be an event of unusual interest, especially to the religious life of the Province of Alberta.

The preparations for this convention have been carried on on a scale quite out of the ordinary, and a strong committee of Calgary business men has been working on this convention for many months past. In addition to the work of this committee, there are denominational co-operating committees for the various Protestant churches, doing their best to bring out a very large and representative attendance of the men of their respective denominations. Besides this again, the Mission Boards, the local offices of which are in the East, are also exerting their influence to the same end.

This convention is to be one of a series to be held successively in Vancouver, Calgary, Regina and Winnipeg. In addition to these, there are to be several other conventions held at strategic points in the East, making the present campaign one of nationwide significance.

All these conventions are to be held in the course of the next two months, and are calculated to reach every church in the entire Dominion in an effort to awaken interest in the modern missionary enterprise on the part of every church.

The Western conventions are being given the exceptional opportunity of the presence on the programme of Dr. John R. Mott, of New York, and Sir Alexander Fraser, of Scotland. Dr. Mott is today the acknowledged leader of the Protestant Churches through out the new world, and has travelled around the world a number of times in presenting his work. It is claimed for Dr. Mott that no man, either man or even, has known the whole world as intimately as he does, not only from a religious but (Continued on page two)

The Wheels Grind

Sure But Slow

A legal suit, which was of local interest, has been decided recently after a prolonged hearing, by the supreme court, and after over four years of litigation. The Guarantee Assurance Co. issued certain life property in the United Kingdom, and to the extent of \$1400. On August 16, 1907, the insured property was totally destroyed by fire. The loss under the policy and all right to recover the same from the Assurance Co. was assigned after the fire to the British American Trust Co., Ltd., and from them to the Christian Light Co. as a collateral security of certain indebtedness of L. H. Ughland and due notice was given to the Assurance Company. Proofs of loss under the policy were furnished to the defendant company but the plaintiffs claimed the same had not been paid or any part thereof.

Evidence was heard before Justice Beck, Justice Maize, K.C., Calgary, appeared for the plaintiff Co., while the other interests on the plaintiff side were represented by E. P. McNeil and Mr. Campbell, of Milled Falls. R. E. Moffatt and Nels Peterson were examined and subjected to a severe cross-examination by Mr. Carson for the defendants. Mr. McCarthy and Mr. Walsh were associated with Mr. Carson for the defendants. The main point at issue was the origin of the fire. The judgment handed down against the defendant company, paying the costs of the hearing, the original suit contested, viz. \$1500, and interest accrued for the four years. A somewhat similar suit against the Phoenix Insurance Co. was settled out of court, it is said, for the amount of \$8000. These suits are among the first which destroyed the Christian Light flour-milling plant, four years ago.

HIS successful methods of examining the eyes of the eyes of your surrounding boxes, enable them to wear his glasses with perfect ease, who have heretofore been unable to find relief. No matter how you have consulted, whether the patient is young or old, do not miss this opportunity. He is a man of experience and honor.

This issue of the many visits he respects to make to Claresholm.

An Appreciation

The funeral of the late T. M. Haig, who died last Wednesday in Calgary, was held on Saturday afternoon from his late residence on Knud Hill. Dr. Haig was a pioneer of this town, having come to Canada in the fall of 1892. He was born in Potsdam, New York, and previous to coming to Claresholm was in business as a builder and contractor in Devils Lake, N.D., where his brother John, still resides. Mr. Haig was appointed government broker in the spring of 1901 and in this official position he became widely known throughout this district. In the early days of Claresholm's history, the late Mr. Haig was identified with many business undertakings. He was a member of the firm of Haig, Amundsen & McKinnay general merchants, and at one time owned considerable land in the district and lots in the townsite. Later

he was associated with N. G. Perry in a prosperous real estate business and at the time of the beginning of his illness conducted a milk store on Third Ave. On December 24th, 1910, his illness became so severe he was confined to his bed and from that time till his death a week ago last Wednesday, the late Mr. Haig suffered continuously. He was identified with the Presbyterian church here and held official positions in the church. He had been chairman of the school board and an active worker in any movement to promote the prosperity of Claresholm and the moral welfare of the citizens of this town. A great many of the business men showed their respect for the memory of the deceased by their attendance at the funeral and by many expressions of sympathy with the bereaved family. A memorial service was held in the Presbyterian Church, Sunday morning.

Southern Alberta
Lands

A Specialty.**FARMERS List With Us at Once****Local Address Box 39 Claresholm, Alta.****Large Deposit of
Iron Ore Located**

(Pincher Creek Echo).

The people of south western Alberta are getting so used to discovering new features and new possibilities of their district that many of them would not be surprised to learn that a bunch of gold nuggets had been found on Pincher Creek's main street; but nevertheless it is possible that many gold seekers are not aware that there is a immense and valuable deposit of iron ore just a few miles out of town.

Such is the case, however, and several thousand dollars have already been spent on the property. Geologists and surveyors are now at work on the find, and actual development of the property may begin at any time.

This property is located on a head of magnetic ore starting about one mile north of Burns station on the Crow's Nest Pass branch of the Canadian Pacific railway, in the midst of southern Alberta's hills of the steam and coking coal.

The claims are located on the northeast corner of the iron measures, where a good exposure of about eight miles along a northerly direction, and along this eight miles the ore is exposed and has been measured in 21 different places, showing a width in the veins of from 6 to 80 feet. From samples taken from the different exposures, assay returns have been obtained of from 35 to 65 per cent iron, with an estimated average across the veins of over 50 per cent. This ore has been found to be almost entirely free from sulphur, phosphorus and titanium.

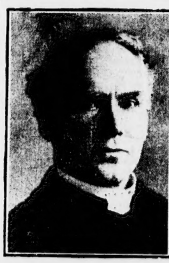

At a point of about one mile from Burns there are two parallel veins exposed, showing a width of 12 feet and 20 feet respectively. These veins are about 80 yards apart. On another hill about seven miles from Burns there are five parallel veins exposed showing widths varying from 6 to 40 feet and these veins lie from 20 to 250 feet apart. On one of these a tunnel has been driven 120 feet on the strike of the vein, giving a vertical depth of from 90 to 95 feet. At the end of this tunnel a cross cut was

driven a distance of 34 feet to the hanging wall, but the foot-wall has not been exposed. These veins lie between walls of thick, heavy sandstone and pitch at an angle of from 30 to 40 degrees towards the west, and the Livingstone mountains, a range of limestone of an average height above the valley of about 3000 feet, and lie parallel to and about one mile east of the said mountain.

The formation in which the iron occurs is exceedingly regular and unbroken.

These iron measures extend through a range of foothills of the Livingstone mountains varying in height from 300 to 1800 feet above the railway, consequently an enormous quantity of ore could be mined out before going to the expense of sinking. The ore contains the necessary moisture to minimize the cost of mining. About \$200,000 worth of work has been done on these claims by the locators but being principally prospect work it would be of little value in developing a mine.

General Gardner of Burn, is one of the owners of this deposit.

REV. R. P. MCKAY

Church in Canada: Rev. Dr. S. D. Chown, General Superintendent of the Methodist Church in Canada; Rev. Canon Abbott, D.D., of Toronto, General Secretary of the Missionary Society of the Church of England in Canada; Rev. D. B. Harkness, General Secretary of Home Missions for the Baptist Church in the West; and Mr. H. R. Casley, of Toronto, General Secretary of the Laymen's Missionary Movement, denominational Secretaries and Mission Board Secretaries, men who are recognized as experts in missionary work.

In addition to the general sessions, two sessions on the morning and afternoon of the 25th are to be given up to denominational rallies. These in themselves will be amongst the strongest meetings in the series and will be given up to the discussion of how the different churches can best meet their share of responsibility. There will also be banquets and special meetings, one of which, at least, will be open to the representatives of Women's Missionary Societies. This will likely be addressed by Dr. Mott and Sir Alexander Fraser.

The Calgary Committee also contemplates two general sessions in addition to the convention proper, which will be open to the general public, of which fuller announcement is to be made later. The convening meetings, however, will be exclusively for delegates, who must present cre-

dentials in order to be admitted.

Rev. Edward S. Bishop, of Montreal, has been acting as Executive Secretary, and has canvassed practically the entire Province, and assures us that the indications point strongly to the realization of the ideal set before the committee in reaching 1000 of the leading men of the churches of Alberta to attend the convention. From the office of the Executive Secretary there is being conducted a very vigorous campaign of correspondence, which is reaching some 3000 through out the entire province with a view to interesting them in the convention. This City will, no doubt be largely represented on that occasion by the presence of many of its leading laymen. Mr. Bishop has an office in the Y.M.C.A. Building, Calgary, where he deals with all enquiries.

Mackenzie and Mann**Fighting Winnipeg**

Winnipeg, Oct. 10th. The fight to the finish between the private lighting and power monopoly controlled by Mackenzie and Mann and the civic commission began in earnest today when the city's hydraulic current was turned on. The first move of the private company was to threaten to turn off the current they have supplied to the city for lighting the streets, on the claim that the city should handle this branch of its own first before supplying private customers in competition with a private company. The Council meets tonight to discuss further reductions. The city has reduced the light and power prices 20 per cent, and the private company met the cut at once. When the power bonds were voted it was declared the city would supply power and light at about one-half the private rates. Now threats of injunctions are made unless the city makes a complete reduction as promised. All prospects of the city buying out the private company seem to have dropped. It is to be a complete test of the value of public ownership of public utilities versus private monopoly.

A New Light
Has appeared in the Northern Interior of Canada's great Pacific Coast Province**FORT FRASER**
(The Hub of B.C. on G.T.P.)

1. A provincial and inter-provincial rail, lake and river centre.
2. A transcontinental and international distributing point.
3. A market place for a rich agricultural and mining area of over ten million acres.
4. A health resort, beautiful scenery, unlimited hunting and fishing, abundance of good pure water, weather hot and dry in summer and clear calm and cold in winter.

The foundation of
a Fortune, seven
times out of ten
has been laid in
fortunate and timely
real estate transactions.

FORT FRASER is not a city yet; the railroad is not even there, and won't be for a year and a half, but Fort Fraser will be a city as certain as the combination of natural resources, adequate transportation, and superior climatic conditions, inevitably create opportunity for the manufacturer, merchant, banker, editor, lawyer, doctor and laborer.

More than forty entire blocks in this townsite have been reserved by the British Columbia Government the title to this property is guaranteed by the Government and deposited in trust with the Dominion Stock and Bond Corporation, Limited, Vancouver—Capital \$2,000,000.

ABOUT SHEEP

Joseph T. Berthelotte of Gold Butte Montana, one of the prominent sheepmen of that state, arrived in town yesterday morning. Hearing that many farmers in this locality have slightly damaged wheat for which the prices are somewhat lower, if marketed as wheat, Mr. Berthelotte was seized with the thought that these grain growers might be interested in the information that sheep can be fattened on wheat and that the wheat not marketed at the highest prices may be marketed as mutton and produce a return much in advance of the more salable wheat. Twenty years experience in the sheep business has given this Montana man a very wide experience in sheep feeding and culture. Yesterday he was taken out into the eastern districts and interviewed a few of the farmers who might have frost of grain on their hands. His experience put in a mathematical proposition on wheat on somewhat in this fashion. Supposing a man could handle 800 sheep. These could be purchased at this season when feed is a great consideration in Montana at say \$3 per head. Look here. To prepare this flock for market in say 90 days, it would require 2000 lbs. of wheat and 9 tons of hay. Of course, a light-shedder would have to be provided for the winter months.

Dr. 800 sheep at \$3.	\$2400.00
2000 lbs. of wheat	\$100
9 tons hay at \$9	\$81.00
Total	\$2581.00
Ct. 800 sheep at \$5	\$4000.00
Return in excess	\$1419.00

When it is considered that 5 cents a lb. for mutton on the hoof is a very conservative estimate where the local demand is considered in a province not self-sufficient in mutton and lamb and that a ton for hay is, in many cases, at least double the actual cost of hay production, that it events is a price that is also too low, what that would be below a marketable standard and yet suitable for producing mutton and that sheep may be purchased some considerable margin below the price we have chosen as a basis for this article, our figures are not at all exaggerated or fanciful.

But accepting our basis of calculation and not taking into consideration two things, namely, provision for sheep-shears which would be a capital expense and also the fact that alfalfa growers would increase the mutton quality by feeding this hay and practically cut out the hay item altogether, this calculation gives for 80 days a profit of \$1419 on an outlay of \$2581, or over 50 per cent on three months on the investment. Allowance for cost of care and probable flock losses is amply recompensed by fleeces, if sold dressed, or lamb increases in fleeces by breeding. In the fall sections of our district food not necessarily waste but at least reserved for cultivation until after the feed traces are broken, the grain per acre would double and treble.

We are especially desirous of seeing our district become first, the most dependable wheat wheat district in Alberta and second, the foremost exponent of mixed farming in the province. Look over this sheep story. We would welcome any corrections or criticisms on this article, because we want to know just as much, as we do within this world and when every source available to us.

For Sale

I have a large 1200 ft. of 2nd hand at \$75 per thousand. This price is designed to let me be able to make the most of my stock order. Apply to W.D. Hughes.

Thursday
Morning Session, 10:30
Reception of Teachers, Reception Committee.
Innovation, Rev. G. Bethune Hall.
English Compositions in Advanced Public School Grades, Miss Janet Waterman.

Afternoon Session, 1:30
Name Study, Mary E. Wood.
Address, J. McGeig, Supt. of Schools, Edmonton.

Evening Session, 8:30
Address of Welcome, Mayor Dickson, R. G. Matthews.

Address, Rev. Mr. Kerley.
Musical Programme
Friday
Morning Session, 9:30
Kindergarten Work in Public School, Jean R. Laflair.

Where Our School System Falls, E. W. Reid.
Afternoon Session, 1:30
Waste and How to Prevent It, Mr. Crankshaw.

The Teacher's Opportunity, J. McGinn.
Business Meeting.

Trunk Blew Up

High explosives in a trunk that was being handled in the baggage room of the Lacrosse station exploded last Thursday night, causing the death of the baggage man, E. G. Macleod, seriously injured his assistant, and wrecked the entire building. The owners of the trunk, who are alleged photographers, are under arrest.

Another Cup

The results of the first day of the High River meet are as follows:
Gentlemen's Race to Buggy, mile heats, 2 in 3
Minnie S. (A. E. Hunter), 1 2 1
General Abdel (J. Stillwell) 2 1 2
Lillian (F. Ings), 3

In the second heat Minnie S. broke otherwise she would have won out. This was a very sporty contest. Mr. Ings withdrew Lillian after the first heat.

Mile and Quarter Dash, gentlemen riders. Picou and ponce, 125 lbs. each.
Ranch King (J. R. Warty, owner).
Glenbow Lady (R. Von Stralen, owner), 2 in 3.

Gray Cloud (M. Hendrie, owner).
Gray Cloud speedily opened a four length gap and came on from Ranch King and Glenbow Lady for half the distance where Ranch King drew alongside the leader and soon after taking the lead won easily by three lengths from Glenbow Lady. Gray Cloud moved well for second money but compromised before entering the home stretch.

The results of the second day of the High River races are as follows:
2:25 pace - Midway Girl, F. W. Ings, High River, 1 2 1; Gaiety Girl, J. P. Reynolds, Clareholm, 2 1 2; Black Jack, G. Wallace, Clareholm, 3 3 3.

Named harness race - Minnie S. A. E. Hunter, Clareholm, 1 1 1; Lillian, F. W. Ings, High River, 2 2 2; McLintock, J. McLaughlin, High River, 3 3 3; 5 horses run.

Saying Goodbye

Earl and Lady Grey were given a most affectionate send-off last Thursday at Quebec. The outgoing government-general has left an excellent impression behind him and the people of Quebec were but voicing the appreciation of the whole Dominion.

Below we reproduce as exactly as is possible this week a telegram received by the firm of Milnes & Noble, who are selling Fort Fraser, B. C., town lots. The message speaks for itself.

Canadian Pacific Railway Company's Telegraph Form

From Vancouver, B.C., Oct. 3rd, 1911
To Milnes & Noble,
Clareholm.

Account large improvements now under way and contemplated, including street grading, building of two churches and a school, also negotiations pending for several enterprises in vicinity including sawmill, please take notice that all Fort Fraser Lots will be advanced fifty dollars each, effective Oct. 25th.

DOMINION STOCK & BOND CORPORATION Ltd.

Chiefly Clareholm

Thos Guy motored over to Staveley yesterday.

R. W. Jell and wife of Granum visited this town last Saturday.

Olaf Jorgenson from Barons was a visitor in Clareholm last Tuesday.

H. Cameron of Nanton was registered at the Queen's hotel on Monday.

Dr. G. R. Brewster is spending a few days with his brother near Macleod.

C. O. Marlett ran down from High River last Saturday and spent Sunday here.

J. R. Watt spent Sunday at Macleod, the guest of Mr. and Mrs. J. Macdonald.

G. H. Ford, J. Cox and Geo. T. Poole, were in from Meadow Creek last Friday.

Corporal A. L. Cooper, of Canning, of R.N.W.M.P. force was in town Friday on a brief visit.

Mrs. G. Tillingall, Calgary, with her son Gordon, is visiting her mother Mrs. J. Cunningham, this week.

M. McCann of Gleichen and Geo. G. Blake of High River were visiting for beef cattle here this week.

H. England and James Morrison left Clareholm last night for horse-shoos north of Medicine Hat.

Mrs. Cox came down from Calgary Tuesday to spend a few days in town with Mr. Cox, at the Wilton hotel.

C. H. Holmes and James Haslam motored over from Barons Saturday so as to spend Sunday at home here.

D. C. Leitch, Lethbridge, collector for the International Harvester Co., was in town on business for a few days.

C. Kinniburgh of Calgary, piano dealer, was in town last Thursday in connection with the sale of some lots he owns here.

Rev. Mr. Hillend delivered about 5000 bushels of spring wheat at a local elevator this week which is expected to grade No. 1.

W. B. Smith has returned from High River with the string of local news letters and has taken up his quarters at the track stables.

S. K. Ferguson has accepted the contract of erecting a dwelling for Amundson & Norton at Parkland. He will begin the building next week.

Henry Erickson, a prominent financial man of Toronto, N. D., was in town last Tuesday. It is understood Mr. Erickson is interested in land here.

Mrs. J. Cunningham had a visit from her son and his wife from Lethbridge last Sunday. A. D. Cunningham's Barons motored over to join in the home-party.

J. T. North was down from Parkland yesterday. He says that trucking outfits are scarce in that district and therefore very much delayed in consequence.

Hilliard Lyall representing the Western Life Insurance Co. of Winnipeg, was in town on Monday. It is understood that W. T. Teskey was appointed representative of the Co.

George Hagan and wife of Fredericton, N. B., who is interested in Vernon Park subdivision was here Tuesday of this week. They went south yesterday to see Dr. Tipper at Valies, Mont.

W. Finston, W. M. of Nanton Masonic Lodge, and G. R. Leitch, also of Nanton, were here Tuesday evening on the occasion of the visit of the Grand Master to the local Masonic lodge.

C. Chamberlain, who opened up the Empire Picture Palace here but a few weeks ago, was recalled to England owing to his wife's illness at Worthing, Sussex. Alfred, his son, has accepted a position in M. Frazer's.

R. A. Fisher, who was of the firm of Fisher & Rose here some years ago but who is now engaged in the undertaking business two leagues further the "western" business at the Coast, is visiting friends here this week.

Wm. Moffatt left Saturday for Colorado Springs, Col. to attend the day training congress. He will be gone till the end of the month. He joined the special through train from Lethbridge. In view of the attempt to bring the next congress to Lethbridge, and the fact that the fact that several of the prominent farmers of this district seemed inclined to make the sacrifice involved the public spirit of Mr. Moffatt is worthy of all commendation. News Telegram.

Messrs. Wellington and Davidson of Lethbridge have about completed the work of painting and decorating on the new Union Bank building and will commence in a few days on a renovating and decorating job at the Queen's hotel.

Rumors of the presence of small-pox at High River have been common on the streets to-day. It is said over 20 cases have developed, and that a strict quarantine has been established. It is sincerely hoped that these rumors exaggerate the facts.

D. G. Mackenzie of the firm of McDonald & Mackenzie, Macleod, is leaving for Scotland next month. It is said that while the outgoing journey may be a lonely one, that this local light will find the homecoming more enjoyable by virtue of feminine companionship for a life partnership.

W. W. McAllister has a Swedish turnip weighing 14 lbs. on exhibition in the window of Mark Fisher's store. W. J. Harris provided a 14 lb. cabbage but W. T. Teskey produced one weighing 19 lbs. 9-10, and stopped at that. A small family could eat around that cabbage for a long time.

H. P. Bell of the firm of Cole & Bell is in Trochu this week. He will assume the management of the Royal hotel in that town for the time. He took "Billy" along. That is why his familiar form has been missed the past few days. This late season applies to both "Harry" and "Willie".

J. G. Green, uncle of the late E.W. Frost and partner in the Clear Lake Farm, is in town on a business trip from Hamilton, Ont. Mr. Green is a wealthy manufacturer, being general manager of the Sanford Clothing Co. He believes in Alberta farm lands as a good investment. News Telegram.

It is learned that the elevator at Granum, formerly owned by the Clareholm Lumber & Grain Co., but later operated by a private firm, was burned on Monday morning together with a box car on the adjoining siding. The building is a total loss. The cause of the fire has not been learned.

We missed having a fine show here by the fact that satisfactory dates could not be secured. The advance man for "45 Minutes from Broadway" was in town last Monday but some other attraction listed for the evening he desired prevented the booking of this show for Thanksgiving Night.

Rev. J. R. Leitch who has been pastor of the "St. Nicholas" Lutheran church here has received and accepted a call from the Lutheran congregation at Canmore, Alta. The church here will meet Oct. 25th to consider the filling of the position. Mr. Leitch will probably leave for his new field at the end of the year.

W. E. and Mrs. Lord of Red Deer motored to Lethbridge called here on Saturday on the south trip and again on the up-trip the party called yesterday. They were rather unfortunate on the return journey, involving two springs and causing vexatious delays. Mr. Lord is a prominent insurance man of Red Deer.

W. A. Williams, hotel proprietor of Wainwright, Sask., accompanied by Mrs. Williams, who is ill, and her nurse, Miss Stenston, arrived here last Friday. It is understood Mr. Williams has taken up apartments in the home of Mr. Condit and that Mrs. Williams will remain here for some months until she is fully recovered.

El. Robertson, of Bassano, formerly of the firm of Teskey & Robertson, on time hardware on relatives here is renewing old acquaintances in town. Mr. Robertson saw Clareholm first in 1903 and is pleased that what was prophesied then to the future of this town is rapidly being fulfilled. Mr. Robertson has large land interests north of Bassano.

R. W. Watson and R. E. Moffatt motored to Barons and return yesterday. From the fact that money was mentioned in connection with the trip, it might have been a business call, but from the manifest anxiety they both showed upon being questioned they may have been settling into mischief. Especial unpleasantness is felt about the former gentleman's Barons' visits.

Strathcona and the Age of Achievement

On what he says will probably be the last voyage but one he will make across the Atlantic, Lord Strathcona, arrived in New York the other day on his way from England to the Dominion. As the veteran peer, standing on the deck of the giant Mauretania, views the unfolding panorama of skyscrapers and great bridges, looming over the inner bay of the American metropolis, he grew reminiscent and recalled how it had once taken him 42 days to make the journey he had just made in four and a half.

It is more than three score years since Strathcona made his maiden trip across the seas in an old packet ship, and in that time, the world, awakening from its centuries of inertia had evolved most of those electrical and engineering wonders which make for present day efficiency and enable us to do in one hour what formerly took us twenty to accomplish. It is true Stephenson and Watt in England and Cooper in the United States had put forth their steam locomotives, Fulton his river steamboat, Murdoch, the Scot, illumination by gas and Morse and Wheatstone their systems of telegraph. Though crude and primitive, these inventions, which gave a new impetus to civilization, set new thinking and bred their progeny as nothing from the beginning of time had done before.

Contrasted with the ninety days taken by the Pilgrims to make the trip in the Mayflower from England to Cape Cod in 1620, the three months spent in negotiating his way from London to Baltimore by the original John Jacob Astor and the eighty days required by Ben Franklin to go from New York to France, Lord Strathcona's voyage of forty-two days marked an important epoch making step in the world's evolution as does his more recent four day voyage, though he probably did not suspect it.

In the time it took him to make his forty-two day journey across the Atlantic, J. A. E. Robertson, a Paris journalist recently circled the globe for his newspaper. Thus, that which challenged our admiration and awe last year or yesterday, today commands but passing notice. From the sailing ship to the steamship was a long step and likewise the transition from the stage coach and the pony express to the steam railroad. The land operated telegraph, with its limitation of fifteen words a minute, which brought the remotest corner of the world into instant touch with the centres of civilization and destroyed the natural isolation of nations and communities, wonderful in its way, and generation, like the original steamship and locomotive, now seems immature compared to the 1000 words a minute telegraph system of today, one wire as much as Morse sent over sixty-five and at a fraction of the expense. Wellington at Waterloo brought aid by candle light and flame once Nightingale, the "Angel of the Crimea" ministered to the 198 survivors of the Light Brigade—the noble 688 of Balaklava by oil lamp, guilty party is.

"Beds" in the Transvaal, shaped his campaign by gun and Tanga, the naval hero of the Japanese-Russian war, recently a visitor to the Dominion, by electric light.

Practically all of these changes have come to pass in the life time of Strathcona. In meditating on them, as he looks back to the first of the trans-Atlantic trips made in the last 92 years, truly can he felicitate with the world and say, this is an age worth while.

Municipality of Claresholm Public Notice

In conformity to the ordinance respecting municipalities a copy of the voters list for the municipal corporation of Claresholm has been revised up to September 1st, 1911 and posted up in the office of the secretary of the said municipality; where all interested may have free access to it. All applicants to add names thereto, to take names off, or to make amendments within the meaning of the act must be filed with the secretary on or before Nov. 1st, 1911, after which said list or appeals will be posted in the secretary's office.

Further the municipal council of the said town of Claresholm will on Wednesday Nov. 15th, 1911, sit as a court of revision on the said voters list when all appeals and amendments will be heard.

Further notice that the revision of the list makes it final and any one not on the list will be unable to vote at the municipal elections or on referendum by law.

George Simpson, Secretary of the Town of Claresholm.

Epoch of Disasters

Last Thursday night safe-crackers despoiled the safe of Cameron & Ramsey, a dry goods firm of Glenora, of about \$125. No clue was left to aid in their detection. A fire in Griesbach Hall on Monday destroyed building and only by the masterly work of the fire-brigade with the assistance of many of the citizens, was the fire confined to the place of origin. For a time it threatened the business section of the town.

Curious Explosion in Grain Separator

Stirling, Oct. 16th.—H. J. Hannah of Stirling, shipped his threshing outfit to Raley a few weeks ago and began work there. The separator came a new one and all went well till Tuesday, when threshing on the farm of A. E. Robertson, someone put dynamite into a shed of grain which when going through the mill exploded, demolishing the separator, but not hurting anyone.

Mr. Hannah took train from Lethbridge the next morning and ordered a new machine which will be shipped from Calgary direct to Raley, and his outfit will be at work again. No reason as to why this act should have been done is given, and Mr. Hannah as yet, has no clue as to who the guilty party is.

Locking Horns in Battle

A local option campaign has been opened in license districts two and three in Alberta, and a vote is expected about the middle of November. Both sides are marshalling for the fray. In all about eighty licenses are affected and the territory covered by the fight comprises most of the settled area between Calgary and Edmonton and also the settled area north and east of the capital city. Prominent reform workers will take part in the campaign. Rev. W. G. Fortune, secretary of the provincial league; Rev. T. Albert Moore, general secretary of the Social and Moral Reform League of the Methodist church; Rev. D. G. McGregor, associate secretary of the similar organization of the Presbyterian church and Rev. A. E. Gordon, will take part in the campaign for local option. The Licensed Victuallers' Association has raised a fund of \$150,000 to contest the issue.

Cabinet Announced

A week ago today R. L. Darden communicated to the Governor General the list of names of those selected to form the Executive Council. The names of the chosen are as follows:

Premier—Hon. R. L. Darden, M.P. for Halifax, N.S.

Minister of Militia—Hon. Col. Sam Hughes, M.P. for Victoria-Haliburton Ont.
Minister of Public Works—Hon. F. D. Monk, M.P. for Jacques Cartier, Que.
Minister of Railways and Canals—Hon. Frank Cochrane, of Ontario.
Minister of Trade and Commerce—Hon. George E. Foster, Toronto, Ont.
Postmaster General—Hon. L. P. Pelletier, Quebec.
Secretary of State—Hon. Dr. Roche.
Minister without Portfolio—A. E.

Claresholm East

S. L. Fraser and family and Miss Adla Post were calling at John Fraser's Sunday afternoon.

Herman McArthur of Kelowna, B.C., was a guest of Bert Goodman and Alce Livingstone Saturday and Sunday.

Rev. Peck has moved his family to town where they will spend the winter.

Campbell Bros. finished threshing a hundred acres of fall wheat on Brown Bros. Tuesday, the yield was an average one.

Mr. and Mrs. Matt Goodrich of Badin, N. Y., are guests of their daughter Mrs. John Fraser for a few weeks.

Too Early For Some

For those who are compelled to be up and about 6 a.m. these mornings, the new comet may be seen in the eastern horizon above Venus, but most notably bright star due east in the morning horizon. At a point about one-third of the quadrant from horizon to zenith, the "Bede's comet" may be discovered. If you know the constellation Leo and can find the lowest bright star in the lion's tail, you may see the comet somewhat north of the line joining Venus and Deneb. Have a try anyway and if it goes good night or two of sleep. Interview this latest discovered stellar head liner.

Over 100-Foot Bank

Special dispatch to The Herald, Lethbridge, Alta., Oct. 17. D. C. Morrison and H. T. Christie of Diamond City had a narrow escape in an auto accident yesterday. At the steepest part on the west hill coming up from the river, the auto came upon a string of gravel banks. The last turned out to let the auto pass, but the next refused. The auto could be forced forward or back and the brake would not hold, so it went over a bank a hundred feet high. The occupants jumped in time, but the car was ruined.

Eye-Specialist Coming

You are reminded of Dr. J. F. Miller's coming to Clareholm Friday and Saturday of this week. Better get him about your eye troubles. Weak eyes always get weaker unless the strain is removed from them. This is also Dr. Miller's province to strengthen weak eyes. Free examination. The Doctor will be at the Queen's Hotel.

Confidence

We Back up Our Statements with Our Personal Reputation and Money

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless treatment to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore, tone up and strengthen these parts, and restore them to healthful activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists who have produced a powerful medicine.

Sprayed from the head of the bottle, a powerful cathartic, and it is in fact, a powerful purgative.

We want you to try Beal's Drops. It is an emulsion. They are exceedingly pleasant to take, and are ideal for children. They instantly act on the bowels, having it about the effect of the bowels, having it about the effect of the bowels, having it about the effect of the bowels.

Beal's Drops are not a purgative, but a cathartic. They do not produce the violent effects of cathartics, but they do produce the effects of cathartics.

Beal's Drops are not a purgative, but a cathartic. They do not produce the violent effects of cathartics, but they do produce the effects of cathartics.

From the Convention

The reports from the various departments of W.C.T.U. work presented at the convention held at Clareholm this week, show a prosperous busy year.

The election of officers placed Mrs. J. McKinney at the head of the Clareholm Union, and she was elected president.

At the meeting in Kiosk Church in the afternoon, the presence of Mrs. Hyslop, Dominion organizer, was very much enjoyed by the convention and the members of the Clareholm Union.

Not Guilty

George Whitford, who was on trial for the life of the Chicago killing of Victor Thomas on July 29th, 1909, was released last Friday on the plea of "not guilty" after four hours deliberation. The trial was conducted in a building last week.

Be Careful In building that Home.

POOR LUMBER gives a home a cheap shabby look which makes it difficult to rent. If it is to live in, you want to be proud to show it to your friends, and the fuel bills are large where low grade lumber is used. We make a specialty of high grade and "classy" material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and selling better stuff than is sold elsewhere at prices as low as those asked for the inferior kinds. If your contractor uses CROWN LUMBER it means that he is a man who wants the best of everything and it is the best recommendation he could have!

CROWN LUMBER Co. Limited.

A Liberal Offer

We Guarantee to Relieve Dyspepsia.

If We Fail the Medicine Costs Nothing

Nothing

To unimpeachably prove to the people that indigestion and dyspepsia can be permanently relieved, and that Beal's Dyspepsia Tablets will bring about this result, we will give the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Beal's Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as in the cure exercised in their manufacture, whereby the well known properties of Beal's Sublimite and Pepsin have been combined with Cinnamon and other agents.

Beal's Sublimite and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Beal's Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency.

Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid.

Without it the digestion and assimilation of food are impossible.

The Cinnamon possesses proper thickening and warming properties, and induces and maintains the digestive function.

The combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this, we urge you to try Beal's Dyspepsia Tablets on your own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can only rely on Beal's Remedies only at our store. The Beal Store, O. L. Reinecke.

Athletics Leading

The great world championship between the baseball leaders of the National and American leagues has gone three games. In the first game, last Saturday, the Giants, New York, National League leaders, won the series.

In the second game, the Athletics, Philadelphia, American League, took the lead.

In the third game, the Athletics won the series.
